Dear Tommy:

Greg and I wanted to take the time to write and express our gratitude to you and your staff, especially Steve, for the outstanding job your staff did on Westwood Place in Escondido a couple of weeks ago.

I told Steve that Greg (my husband) had mentioned your company name down at city of Oceanside and your company is so highly regarded and the work that was performed on Westwood Place was a fine example.

Thanks, Tommy, and please express our gratitude to Steve and the entire crew. Great job.

Sincerely,

A handwritten signature in cursive script that reads "Kathy and Greg". The ink is dark and the writing is fluid and connected.
